

# Sourcer

One search, one platform,  
millions of candidates.

With JobTarget Sourcer you no longer need to bounce between resume sites, or even recruiting tools! Perform a single search across multiple leading resume sources, identify top candidates that fit your criteria, and easily unlock their contact details to get in touch.

## Top resume sources at your fingertips.

JobTarget Sourcer provides direct access to a database of 90M+ job seekers. Easily integrate and search the world's largest resume sources (Indeed, CareerBuilder, and Dice), all within the platform. No more bouncing from job board to job board!

## AI-driven Smart Search.

Perform simple or advanced searches to identify the best possible matches for open positions. JobTarget's AI-driven Smart Search intelligently matches your existing search criteria with additional best-fit filters, helping you narrow down candidate pools to fit the needs of any role.

## Make a connection.

Once you find a candidate that matches your job, directly message the candidate right within the Sourcer app. Instantly unlock contact information for a candidate, making additional follow up fast, easy, and efficient. Because your jobs are already in JobTarget, you can easily attach job details to your outreach for quick and easy recruiting!

### Recruiter Pro Tip

Take a well-rounded, efficient approach to filling your roles by combining Sourcer with Programmatic – you'll never miss out on the right candidate for the job.
